

B103

# INSTRUCTION MANUAL

## Charging the Battery

Before using this product, fully charge the **B103** headset unit by plugging the charger into an AC outlet and inserting the connection pin into the Charging Port on the headset.

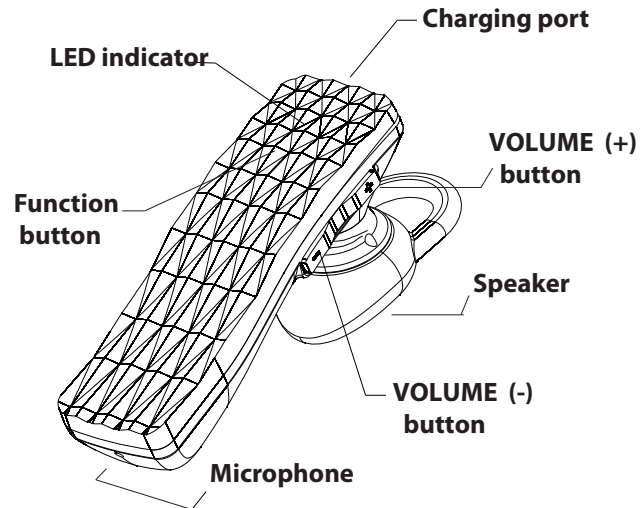

## Headset Functions

### 1. Power ON your headset:

Press and Hold the **FUNCTION** button (approx. 2-3 seconds) until the blue indicator flashes four times.

### 2. Power OFF your headset:

Press and Hold the **FUNCTION** button (approx. 2-3 seconds) until the red indicator flashes twice and the power will turn off.

## Pairing the B103 Headset to Your Phone:

1. Turn your phone **OFF** entirely and then turn it back **ON** to refresh its Bluetooth memory.
2. Find the Bluetooth menu in your mobile phone turn the Bluetooth function **ON**. (Check your mobile phone user guide)
3. With the **B103 POWER OFF** hold the headset 12" inches away from your mobile phone and Press and Hold the **FUNCTION** button on the headset for about 6 seconds until the LED light flashes blue and red alternating which indicates your headset is in **PAIRING MODE** and is now ready to be "paired" with your Bluetooth Mobile Phone.
4. On your phone, perform a Bluetooth "device discovery" to add the **B103** headset as a new device. It only takes a few seconds to search & find the **B103** Bluetooth headset.
5. When the **B103** headset is discovered (found) the phone will display "**B103**"
6. If prompted by your phone to enter a code, enter; "**0000**" and the phone will now pair with the headset and be ready to use.
7. If supported by your phone menu, set the **B103** as "set as authorized "or "add to trusted devices".
8. Keep the Bluetooth function on your phone **ON** with your phone near, the headset will automatically pair.
9. If the pairing is not successful, the headset will shortly return to the standby mode.. Please repeat the process to try the pairing again.
10. Refer to your phones User Manual for any additional steps.
11. To pair a second phone, turn the headset **OFF** and repeat steps 3-10.

**Note:** To conserve power, the unit automatically turns off when not paired with your Bluetooth Phone.

**For Assistance please call 1-800-936-1168. Do NOT return this product to your retailer.**

## Operating the Headset:

### 1. To Change the VOICE PROMPT LANGUAGE:

Press and Hold the **FUNCTION** button for about 6 seconds until the LED light flashes blue & red alternating. Now Press and hold the **FUNCTION** button until you hear a beep. The headset will cycle through available language options. Press the **FUNCTION** button to confirm your language choice.

### 2. To ANSWER or END a call:

Press the **FUNCTION** button once when there is an incoming call to answer. Press the **FUNCTION** button once again to end the call.

### 3. To REJECT\* a call:

Press and Hold the the **FUNCTION** button (approx. 2-3 seconds) when there is an incoming call you want to ignore and send it to your voicemail.

### 4. To REDIAL\* the last call:

Press the **FUNCTION** button twice.

### 5. To activate VOICE DIALING\*:

While connected to your phone, Press and hold the **FUNCTION** button (approx. 2-3 seconds) until you hear two beeps. Voice commands must already be recorded into your phone for this function to operate (see your phones user guide)

### 6. To adjust the VOLUME:

Click the **VOLUME UP** or **VOLUME DOWN** button during a call to adjust to the desired level. The volume level will be remembered by the **B103** for the next call.

\* To use these functions, your phone/device must also support the Bluetooth Profile.

## LED indicator chart

Power on	Blue indicator blinks 4 times
Power off	Red indicator blinks 2 times
Standby mode	Blue indicator blinks once every 2 seconds
Power Conservation mode	LED indicator does not blink
Pairing mode	Flashing Blue and Red Light
Active call	Blue indicator blinks rapidly
Low battery	All Blue indicators will change to Red
Charging	Steady Red Light
Charging complete	Steady Blue Light

Note: Power Conservation mode means your headset maintains a connection with your phone but is conserving power and will wake up when any function is activated.
